

# fundraiser volunteer njroundup

happy, joyous, free and fabulous!

The New Jersey RoundUp, sponsored by the gay and lesbian members of Alcoholics Anonymous of New Jersey, has but one purpose - to serve the fellowship of Alcoholics Anonymous. The first NJ RoundUp was held in 2007 with the theme of "First Things First". If it weren't for the hard work and determination of the co-founders and first and subsequent NJ Roundup Committees, we would have stopped there.

The NJ Roundup Committee is made up of people who donate their time helping with organizing and running fundraisers and events for the NJ Roundup - the final event being the New Jersey Roundup Conference.

Only a few hours a month is needed to bring a broader input to the meetings to expand on our fundraising efforts and add some variety to upcoming events.

We always hear in recovery how service is important and in order to keep it we need to give it away. What better way to get involved with service than to join and help the committee?

**Everyone is welcome. We need you!**

Each and every member is an integral part of the Roundup Committee - the input that each member provides sculpts every event leading up to and including the NJ Roundup Conference.
